

EUROPEAN DYNAMIC POSITIONING CONFERENCE

Technology innovation. Best practice. Capitalising on demand.

Dear IMCA Member

16 Nov 2021. LONDON

We are delighted to welcome IMCA as a supporting organisation of the upcoming **European Dynamic Positioning Conference**, taking place LIVE in London, and to extend a **20% discount** to members. Simply enter promo code **OSJIMCA** when purchasing your ticket.

Supporting organisation

20% IMCA member discount.
Use promo code **OSJIMCA**

Dynamic positioning technology is constantly evolving through innovative solutions, new developments and market trends and drivers. In addition to the traditional offshore markets, alternative offshore industry such as wind are creating new opportunities for DP vessel utilisation.

Assess today's market, opportunities from the offshore wind sector and what this means for DP vessels, use of battery hybrid systems plus remote tests and trials and the latest technologies impacting DP.

**BUY YOUR
DISCOUNTED
TICKET HERE**

Sessions

- DP vessels' update, incident reporting and the impact of dynamic positioning on offshore wind operations
- The latest on remote DP tests and trials and position reference systems
- Training, CPD and preparing for an evolving maritime sector
- Alternative fuels, management systems and autonomy

Bringing a welcome return to live events!
