

Verification of Diver Qualifications

This information note supersedes IMCA D 02/18 which is now withdrawn.

This information note has been produced to help IMCA Members and others verify the validity of diving certificates recognised by IMCA for the purpose of demonstrating the basic competence of those seeking employment as commercial divers within:

- the offshore commercial diving sector (the class of offshore diving); and
- the inland/inshore commercial diving sector (the class of inland/inshore diving).

This information note should be read in conjunction with IMCA information note [1610 – IMCA Position Statement on Offshore & Inland/Inshore Commercial Diving Qualifications](#).

1 VERIFICATION OF OFFSHORE DIVER QUALIFICATIONS

The offshore commercial diver training certificates listed in the current version of IMCA information note [1394 – Diver and Diving Supervisor Certification](#) are recognised by IMCA as suitable qualifications for those seeking employment as commercial divers in the offshore diving sector and for those seeking employment as commercial divers in the inland/inshore diving sector.

Those wishing to check the validity of such commercial diver training certificates should contact the relevant certifying authority. Contact details are provided below.
